New FCC ID application based on FCC ID: UYW-413-0096B

I hereby request a new FCC ID, YYG-4300010, for the em-trak B951 based on the SRT Neon II AIS Class B SO 413-0096, FCC ID UYW-413-0096B issued on 03/08/2018.

The em-trak B921 differs from SRT Neon II AIS Class B SO 413-0096 in branding and enclosure. The enclosure is of the same material and only differs to reflect the branding. It's features, functionality and performance are the same. Therefore, all the test results and reports provided with the original application for the SRT Neon II AIS Class B SO 413-0096 apply equally to the em-trak B951.

This letter is permission from SRT Marine Systems plc for an application to be made for a new FCC ID for the em-trak B951(430-0010) based on the grant for the SRT Neon II AIS Class B SO 413-0096, FCC ID UYW-413-0096B, and using the reports provided as part of that original application.

Yours sincerely,

Abdul Mohammed
